**\*\*\*Registration deadline is July 15, 2010. Enrollment is limited to 50 and applications are accepted on a first come, first served basis. Register Early!\*\*\***

## Description of Workshop

This two day workshop will introduce talented teen musicians and singer/songwriters to a carefully selected group of professionals who will lecture, discuss, demonstrate and collaborate with them. The workshop will not teach music or specific instruments but rather things untaught in traditional music programs such as song writing, music production, use of digital technology, mic technique and stage performance skills.

Enrollment will be limited to 50.

Each student will have an opportunity to perform on an individual basis and in an ensemble with members of the professional staff in a performance to be staged at the end of the second day. The stage performance will be open to the public. Details available on the Fund's [website](http://www.thejustinveatchfund.org).
